

PHnw6: Beyond Passive House

2015 Spring Conference

March 26 & 27

Bell Harbor International Conference Center, Seattle, WA

Passive House Northwest

Conference, Workshops & Tradeshow

Park Passive
Seattle's First Certified Passive House
Cascade Built, NK Architects & Harrison Architects

- Better understand the world's highest energy performance standard for buildings.
- Network with passive house practitioners from the Northwest and across the globe.
- See local examples of passive house single- and multi-family dwellings.
- Learn how the real estate industry is valuing passive house designs.
- See passive house building details and learn about passive house energy modeling.
- And much more...

Special evening reception and keynote address March 26 featuring Lloyd Alter, architect and managing editor, *TreeHugger*.
